Bucharest, August 31, 2022. Cora Drobeta Gallery becomes Supernova Drobeta as of September 1<sup>st</sup>, 2022. The Austrian Group with the same name invested 1 million euros in the renovation and modernization of the shopping center in Drobeta Turnu Severin.

Supernova Drobeta is the first project in the portfolio of six shopping centers that the Austrian Group acquired at the end of last year from the Louis Delhaize and Galimmo Groups. The successful completion of the rebranding and modernization process of the former Cora Gallery confirms Supernova's position on the Romanian local market and attests to the Group's commitment to the works planned to be started and completed by the end of 2023 in the remaining commercial centers in Bacău, Constanța and Bucharest (Lujerului, Alexandriei and Pantelimon).

”We are happy to announce the opening of a new chapter for the residents of Drobeta Turnu Severin and its surroundings, as well as for the Supernova Group in Romania. As in all projects bearing our signature, we have kept the things that work, so that the brands known and loved by consumers will remain in the portfolio of the shopping mall. Also, the Cora hypermarket remains the anchor of the Supernova gallery. In addition, however, in order to respond to the ever-changing needs and desires of the community, we have introduced new facilities and improved the conditions offered for a modern, superior experience, ” **said Frank Philipp Albert, founder and CEO of Supernova Group.**

The new Supernova identity crowns an extensive process of renovation and modernization starting with the facade of the shopping center and access areas, up to the facilities integrated into its common spaces. Also, the improved parking lot of Supernova Drobeta with additional green areas has over 1.000 parking spaces and also offers facilities for charging electric cars.
